(Intro)

It started off with insects then I worked my way up to reptiles remember the poor lizards I use to pop their heads off and watch the blood pour out their necks and did something to me moved on to bigger animals but that's totally irrelevant I was just a kid but the blood thirst stuck with me as a man and I just can't stop myself I guess that's why I'm attracted to shows like Dexter I don't know what to do about it I gotta control myself yo

(Verse)

Blood thirsty my appetite I have to feed don't try to stop me you'll suffer and bleed I feel the rush in my brain it gets my dick hard watching you bleed oh yeah indeed the more you fear the less that I care always cold inside you think that I care just don't know me look inside and you'll see an iceman if you were around I'd tell you run as fast as you can cause the swelling in your head it makes me so happy cause the blood it smells intoxicating I like to watch it flowing and trickling down your neck it really makes me so wet it's not sick if I believe in it that's a habit it's all in my eyes just look in my soul very bold chilling and cold blood thirsty my appetite I plead don't try to stop me cause you'll suffer and bleed I feel a rush in my brain it's hard kept I'm not insane watching you bleed yes it gets me hard indeed the more you fear and the less that I care always cold inside I don't care do you care to know the real me inside I'm the real iceman If you were around I'd tell you run as fast as you can cause I smell the blood it's intoxicating to me I like to watch it flowing down your neck trickling down cause it makes me so happy to see you oh so, suffer (8 times) some more use to cut myself when I was young just to smell and taste the blood yes yum cause I really like it it's not dumb it's not sick if I believe in it it's all in my eyes look in my soul I am so bold and so chilling so cold that's why they call me the iceman that's right I just don't give a damn one minute you think that you know me you think that we're close and you think that

weâ're friends Iâ'll pull and snap in a minute just  
donâ't understand donâ't wanna hear it Blood thirsty  
my appetite I have to feed donâ't try to stop me youâ'll  
suffer and bleed I love you today but Iâ'll kill you  
tomorrow and watch you bleed watch the blades itâ's  
in my head I just donâ't care watch the blade in my  
head itâ's not normal to be like this not normal at all  
but it gets me off my dick is hard just watching you  
bleed indeed the more you fear the less that I care the  
more that you fear the less that I care the more you  
fear the more you fear the less that I care always been  
cold you donâ't know me look inside youâ'll see the  
iceman thatâ's real R, E, H, D, O double G thatâ's me  
Iâ'm not ever on the run donâ't you know Iâ've got my  
knives and guns but I donâ't need none cause Iâ've  
got my razor blades Iâ'd rather switch it to the neck  
watch you bleed upside down ummm the blood smells  
of iron oh yeah thatâ's why I like it yeah
