Don't Cry for me already lived a full life. Even though
I'm young I still
Feel like I'm done.
Suicidal no don't get me wrong. That's why I sat down
and wrote this song.
Beneath the surface I'm very strong. Slowly the weak is
trying to creep.
Deep within my soul that's what I'm saying. The nights
are dark, the nights
Are cold.
It seems like yesterday J-Bone is gone. That's why I feel
like I'm
All-alone.
If you wanna chat I'll pick up my cell phone.

Don't cry for me, don't cry for me, don't cry for me I'm
very complicated.
20 percent loved, 80 percent hated.
I've gotta keep on trying to go. Gotta go until I make it. I
read the Bible
Everyday.
I know the fake. I know the real. Don't even try, you'll
make a mistake.
It's your birthday go for a swim in the lake.
Then bake a cake. Then jump and die cause I do not
care don't ask me why.
You ask the questions I'll tell you why. That's why I do
not even cry.

When I fall in love my love is deep. Open up my heart
give you the key.
That's really dumb not to smart you see.
When I get burned it never heals. It's hard to tell the
fake from real.
Can't I just have one good true friend?
I did in the past but it's gone to the end. Barley making
hours at JCP.
Cause I'm going through the temp agency.
I don't like working for nobody. I really dark and
secretive. I'm really
Dark don't you understand?

Don't Cry for me already lived a full life. Even though
I'm young I'm
Already gone.
I'm Suicidal no don't get me wrong. That's why I sat
down and wrote this
Song.
Beneath the surface I'm very strong. Slowly the weak is
