(Intro)

Aw yeah, anger such a powerful emotion don't?  
Yeah don't let it consume you; it's bound to eat away at  
you

Aw yeah

(Chorus)

Bad choice to fool with me, don't care if you're 16 or 53  
You can be a man or a lady don't put your hands on me  
Bad choice to fool with me, don't care if you're 16 or 93  
You can be a man or even a lady don't put your hands  
on me

(Verse)

Anger consumes me David Banner has nothing on me  
I don't turn green but I can get mean, that's right I can  
get mean

I'll break every bone in your body, talking stuff about  
me online

In person I'll piss in your eyes make you blind, thought I  
was soft in "Why must I cry"

Take another step your life's on the line, keep your  
distance cause I'll keep mines

But you take one more step I'm warning you, you gonna  
end up being dead

Seeing the color red, that's right that's not a threat it's  
a promise cause I don't make threats

I do the things that I say you heard me, you heard me

(Chorus)

Bad choice to fool with me, don't care if you're 16 or 93  
You can be a man or even a lady don't put your hands  
on me

Bad choice to fool with me, don't care if you're 16 or 93  
You can be a man or even a lady don't put your hands  
on me

Don't put your hands on me

(Verse)

Anger consumes me David Banner has nothing on me,  
I don't turn green

But I can get mean, R, E, H, D, O double G you know  
what I mean

I'll break every bone in your body, I'll break every bone  
yes you heard me

Talking stuff about me online in person piss in your  
eyes make you blind  
Thought I was soft because I sang "Why must I cry"  
take one more step your life's on the line  
Keep your distance and I'm sure to keep mines, that's  
right I mine my biz  
And you mine your biz you try to get in my way; you'll  
never ever live to see another day  
I don't care, I don't care and I have no fear  
(Break)  
Don't put your hands on me (3 times) you bound to die  
(Outro)  
And that's just how I am yall, so take that as you want  
cause anger consumes me  
That's right, yeah
