Intro:

BX (5 times)

Bronx

(Verse)

I've lost you (not Tammie)

And my family

And my children

They're not near me

The world's laughing

At my misery

Please God save me

Am I dreaming?

Am I sleeping?

Are you listening?

No one's hearing

No one's caring

Sick of crying

Sick of lying

Here alone

(Chorus)

Never felt a love so strong

Now you're gone

Don't wanna move on (2 times)

(Verse)

I can't move on

Cause I miss you

And the past

Wish It last

I am dying, deep inside

And I'm crying

I am hurting

Your brown eyes

Your big smile

Want you (2 times)

To touch me

The way you use to hold me

I'm so sorry

(Chorus)

Never felt a love so strong
Now you're gone
Don't wanna move on (2 times)

(Break)
Never felt a love so strong
Now you're gone
Don't wanna move on
Yeah, don't wanna move on
Never felt a love so strong
Now you're gone
I wanna move
Don't wanna move on (2 times)
Never felt a love, love, love, love
So strong
Now you're gone

(Verse)
I've lost you
But I hope that you are happy
