(Intro)

ANSANE

Let me tell you how I feel

(Chorus)

There's something I want to tell you
Something I think that you should know
It's not like I don't even want you
I'm falling in love with you

(Verse)

Can I ask you a question
What if I told you I was falling in love with you
Would you up and leave me or would you tell me
How you feel about me
I love it when I run my fingers through you hair
When we kick it back laid back stare into each other's
eyes
It lets me know that you care, and when you massage
my body
It drives me crazy

(Break)

I'm falling in love with you babe
Falling in love
In love with you babe (repeat)
Falling in love with you babe

(Chorus)

There's something I want to tell you
Something I think that you should know
It's not like I don't even want you
I'm falling in love with you

(Verse)

My emotions are strong, my emotions is like a roaring
thunder

It's like you make me under a love potion
Forbidden love but all so sweet it makes me want you
And it wants me to tell you that I love you how I feel
cause the feelings
Are real
I can't hide them no more so if you love me then come
forward and tell me
(Break)
I'm falling in love with you babe
Falling in love
In love with you babe (repeat)
Falling in love with you babe

(Chorus)

There's something I want to tell you
Something I think that you should know
It's not like I don't even want you
I'm falling in love with you

(Verse)

Can I ask you a question
What if I told you I was falling in love with you
Would you up and leave me or would you tell me
How you feel about me
I love it when I run my fingers through you hair
When we kick it back laid back stare into each other's
eyes
It lets me know that you care, and when you massage
my body
It drives me crazy
It's hard to control my emotions, it's like a rolling
thunder

(Break)

I'm falling in love with you babe
Falling in love
In love with you babe (repeat)
Falling in love with you babe

(Chorus)

There's something I want to tell you
Something I think that you should know
It's not like I don't even want you
I'm falling in love with you

(Break)

I'm falling in love with you babe
Falling in love
In love with you babe (repeat)

Falling in love with you babe
It's not like I don't even want you
I'm falling in love with you
