(Intro)

Hallelujah

I believe in one God and you know that

All them other ones like Buddha and Muslim faith

And Hindu and all them things they no right mon

I have to pray to one God, Jesus you here me?

(Verse)

We only have one creator too many people they are
born haters

One faith that I believe and you know that my faith it is
growing stronger

U.S. Government you know it is danger, stay out of my
life Obama traitor

I pray to God and he is the only one that will figure out
my future

You can run but I know you can't hide, he who try to run
you gonna die

Cause you will surely rest til judgment day I know it
soon come

Put down the booze and do the right and not wrong,
believe in God

And your faith it will grow strong, don't be violent come
and just remain

Calm

(Chorus)

Creator God be the only One

Creator come sing with me (2 times)

Creator God be the only one

(Break)

Come with me (6 times) read you B.I.B.L.E. Bible

Come with me (6 times) read you B.I.B.L.E. Bible

Too many people, big man a danger, atheist danger

Hindu danger, Buddha danger, all them are danger,
must

Repent and follow one faith, follow one faith so

(Chorus)

Creator God be the only one creator (2 times)

Creator (2 times) God be the only one

So I want you to sing now

Creator...

(Break)

Come with me (6 times) read you B.I.B.L.E. Bible
Come with me (6 times) read you B.I.B.L.E. Bible
