(Intro)

OMG, we love you so much. You don't understand how amazing you are.

We don't find you ugly, we don't find you fat. And we love your nose and

Lips.

I'm a part of the fan club.

(Chorus)

I be missing you my mind gone crazy

No matter where you are your heart is with me

Across the border, I will follow you across the sea

I can feel you cause your spirit is with me (Repeat 2 times)

(Verse)

I remember when we met on the inside I wept with joyful tears

Because I never met someone so close, so far nearly gone away from me.

At least one person cares, I feel happiness inside. But I also feel scared

Because I'm letting you in close, I feel the fear you can look in to my eyes

And see my soul, my emotions exposed to you it drives me crazy.

And I don't know if you're the one that I chose, but I never thought that I

Would feel

This way again. Trust and open up my heart again, but I do it all for you.

So I gotta say thank you, truly in my heart it's here for you. My love for

You is strong.

No one can prove me wrong. So the truth as a matter of fact, is that I can

Love again and

That's a fact Jack

(Chorus)

I be missing you mind gone crazy, no matter where you are your heart is

With me

Across the border I will follow you across the sea. I can

feel you cause
Your spirit is with me
I be missing you mind gone crazy, no matter where you
are your heart is
With me
Across the border I will follow you across the sea. I can
feel you cause
Your spirit is with me
(Verse)
No one can take this away from me. that's true
unbelievable bond I know it's
Strong.
And it makes me relax and I'm so calm. I always
returned to the ones who
Treat me nice
Cause I look into my arms and see sweaty palms yeah
damn I never felt the
Harm
To do what I got to do and your words are filled with
charm strong
Communication
Strong and that's the way it should be, to make the
relationship last a
Long, long, long time
Ya heard me? Otherwise it will be based on lies. Look
into my eyes you'll
See that I don't lie
Cause I love you that's true it's strong and it's pure.
And yeah for sure it
Will last forever and ever
That's right cause I know that you're clever and I'm
clever and two cleaver
People are together
(Chours I be missing you mind gone crazy, no matter
where you are your
Heart is with me
Across the border I will follow you across the sea. I can
feel you cause
Your spirit is with me
(Repeat 4 times)
(Outro)
You're really sweet so you're like
Ummm your song I'm not Ugly
It really touches a lot of people
And you're a good person
And you shouldn't let people bring you down
You're a good guy, and you're gonna make it
And whatever that bitch said to you
You need to tell her to fuck off
