[Chorus: x2]

Asians don't love me. Is it a cultural thing? I don't know
maybe, maybe
Someday. But right now I must say.

[Verse 1:]

I love Asian girls but they don't love me.
Most Asian women stick with Asian men.
I don't know If It's a cultural difference, but to me it's a
bunch of
Nonsense.
I tried to make it work with an Asian girl, but the Asian
guys they all got
Violent.
They were trying to beat me up bad.
That's when I was best friends with Ty.
But I will keep on trying.
The Asian women in New York are breath taking.
I'm not even trying to fronting cause you know I wanna
be with one someday.

[Chorus: x2]

Asians don't love me. Is it a cultural thing? I don't know
maybe, maybe
Someday. But right now I must say.

[Verse 2:]

Asian women make me get a little boner.
That's why I don't wanna be a loner no more.
I wanna just get more closer. But how can I when the
Asian connection stops
Me.
They wanna kill me. I wanna take a course and learn
their language.
Maybe I can socialize a little bit more.
My friends they laugh they think I'm playing.
Asian women they know how to treat a man.
Maybe I should move to Tokyo or Japan.
Or maybe I should get a mail order bride.
Na I got to much pride.

[Chorus: x2]

Asians don't love me. Is it a cultural thing? I don't know
maybe, maybe
Someday. But right now I must say.

[Verse 3:]

An Asian woman makes me feel much love and
respect.
There intelligent, strong and always in check.
Greet me at the door take off my shoes.
Kiss me hi tell me how do you do.
Then after that my woman hooks me up with food.
She's always pleasant.
Always in the mood never rude.
She's always in the mood and cheerful.
That's why I want one by the mouthful.
I can see myself falling in love all over again with an
Asian girl.
Please come in to my world because I need your love.
Your love is strong.
That's why I sat down and wrote this song. Cause you
know we all should get
Along.
Tell those Asian men to back off and let me come in
and rock your world.
Girl I wanna rock you all night long. R.E.H. D.O. double
G. loving you all
Night cause I am a stud.
That's right yeah word. Some people always ask me
why, why is it do I want
That girl.
Girl I want you because I'm falling in love. A.S.I.A.N.
W.O.M.A.N.

[Chorus:] Asians don't love me. Is it a cultural thing? I
don't know maybe,
Maybe someday. But right now I must say.
