(Intro)

Know what to do

I gots work to do

Yeah...

(Verse)

Many ask me when I die who will carry on my name

Well my works will live on through the people it's just

the way it's gonna be if it's all the same

My bloodline ends with me the first born technically my
brother Angel was the first a still born

God give him the mercy, Lord have mercy on our souls

Lone warrior cannot be held back with the wife and

family and the children around to stop me

So I do what I must do, do what I was born to do and

spread the truth many evil they try to stop me

They can't stop me I'm God's warrior you can't stop me

cause I'm God's warrior he has lifted me

And I'm just where I need to be the New World Order is

an enemy with the power comes great responsibility

I have the knowledge and God's giving ability to move

mountains yes you heard me

One can change the path of this world you must believe

in me, you must believe in me

I trust in God and he guides and protects me never

fails me never ever giving me more than I can handle

trust me B

Cause many try to stop me but it's not gonna happen

I'm R, E, H, D, O double G

(Verse)

Many ask me when I die who will carry on my name my
works will live on through the people

And if it's all the same my bloodlines ends with me R,

E, H, D, O double G

The first born technically my brother Angel he was the
first but he was a still born

God showed him the mercy I am a lone warrior can't be
held back with wife and loving kids and friends

So I do what I was born to do spread the truth I spread

the truth the God giving truth

Many evil they try to stop me you can't stop me I'm

God's warrior he has guided and protected me from

evil in this world you understand me
I'm just where I need to be the New World Order is an
enemy
With the power comes great responsibility I am filled
with knowledge and God giving ability
I'm only one, but one can change the path of the world
you must believe in me understand me
I trust in God and he guides and protects me he never
fails me he never lets me down
He gives me the strength to carry on and on and on
and on
