(Intro)

2012 It's time to take this trash out  
Obama him and his tyranny  
Let's show him that we're not gonna  
Take it anymore  
Send him a strong message and  
Have him lose by a major landslide  
Ya heard

(Chorus)

I am a patriot, you'll never shut me up  
My knowledge dangerous, won't give up  
Patriot (Twice)

(Verse)

Michelle Obama whispered in her husbands ear  
On 9/11 event "all this for a flag"  
As he nods in agreement this should be enough  
To start the proceedings for impeachment  
White people of America don't give up the guilty  
Vote again if you do America will have no hope  
That's right don't let this man get your vote  
Tea party members tea party activists  
Don't fall for the trap, they want us to get violent  
Don't do it we can fight them with the love and the  
Word and the truth  
Lies will always bring them down that's the truth  
It's God's way or no way evil ones they have to say  
That they will not make it to the Kingdom of God  
That's right  
Do the right thing in the evenings pray and you will  
Make it that's right you heard me  
So I want yall to listen to me R, E, H, D, O double G  
Say it one time in 2012 what get rid of the tyrant  
Obama

(Chorus)

I am a patriot, you'll never shut me up  
My knowledge dangerous, won't give up  
Patriot (Twice)

(Verse)

Strike me down and I'll keep on coming you can't break  
My spirit cause I'm always learning  
Liberalism is a mental disorder, what yall didn't  
understand  
Secure the border F the political correctness stand up  
for justice  
Let's just talk about 9/11 sit down and listen as I  
reminisce  
Don't wanna listen  
Then put your lips to my ass and kiss New World Order  
faggots  
The world has gone to hell in a hand basket  
Muslim President who dislike Christianity  
Michelle Obama done lost her damn mind 10 million  
dollars she has spent  
Of the taxpayers money and she thinks all of this is  
funny  
Well I'm not laughing you're just a whore a slut  
She don't know what the flag really means, she don't  
really understand  
What it means to be free  
She don't understand slavery, she don't understand  
anything but spending  
Money  
Take 10 million of our money spending like she's a  
crack whore ah men  
Get me so angry you want more

(Chorus)

I am a patriot, you'll never shut me up  
My knowledge dangerous, won't give up  
Patriot (Twice)

(Break)

Shout for freedom come on let me here you (Repeat 4)  
America free

(Chorus)

I am a patriot, you'll never shut me up  
My knowledge dangerous, won't give up  
Patriot
