(Intro)

Now everyone knows 1980's and down that's when  
rap ruled these days rap just sucks  
Plain and simple I don't listen to it now let me bring  
forth my case so you can understand

(Verse)

You got to realize raps a big lie glamorizing sex and  
violence calling young women bitches  
That could be your sister or mom damn it it's all about  
the fame and money most of them don't live the life  
that they preach about and that's a myth most of  
them are hypocrites talking about the gays half of them  
on the DL sagging pants damn fagots lips so white they  
crusty like maggots yall just a bunch of fagots

(Break)

Knock out all the rappers long ago (3 times)

(Chorus)

Rap sucks alls they talk about is bling, guns and girls  
with big butts filling up the young minds of mush with  
all sorts of bad stuff it's time to stand up enough is  
enough (2 times)

(Verse)

Female rappers are the worse calling themselves a  
whore talk about riding dick and turning out tricks is  
that the message you want to send to young women  
really you're so pathetic I can't understand why  
people support there habits don't do it you gotta stop  
it I'm not in mix of the boycotts but sometimes you  
gots to do what you got to do what is right and what is  
wrong and I know the right so why don't yall just sing  
along this song so I say
