(Intro)

Really that's the way you feel, aw shit  
Aw motherfuckers you done fucking did it now  
All right nigga fuck this you wanna be like that

(Verse)

Alls about the talk you aint got a lot of heart  
And your ass a gas you're blowing lot of farts  
Treat you like a dart board and fill you up with darts  
Not because you went to college makes you smart  
I commend you for all your accomplishments  
Your personality makes me get violent  
What kind of shit is that living for free w/o paying rent  
Taking money out my pocket to the government  
Don't even speak shut the hell up be silent  
I'm strong like Superman you're weak like Clark Kent  
Would it kill you to pay me a compliment  
You act like being my friend was a punishment

(Chorus)

You always told me to face my fears now you run away  
like a little queer  
You're not strong get the fuck outta here, being your  
friend was a fucking nightmare

You're not strong get the fuck outta here, you act like  
being my friend was a nightmare  
Get the fuck outta here I don't care, run away cause  
you is a fucking motherfucking queer

(Verse)

Alls about the talk you aint got a lot of heart  
And your ass a gas blowing farts  
Treat you like a dart board fill you up with fucking darts  
Not because you went to college makes you smart  
I commend you for all your accomplishments  
Your personality makes me get violent  
What kind of shit is that living for free w/o paying any  
rent  
Take my money from my pocket to the government  
Don't even speak shut the hell up just stay silent

I'm serious don't fuck with me cause  
I'm strong like Superman you're weak like Clark Kent  
Would it kill you to pay me a compliment  
You act like being my friend was a punishment

(Chorus)

You always told me to face my fears now you run away  
like a fucking queer  
Shut the hell up get the fuck outta here  
Being your friend was a motherfucking nightmare who  
motherfucking care
