(Intro)

This ones from the heart. For real

(Verse)

Will you die for me already lived a full life. Even though
I'm old I still

Act like I'm young.

The good inside makes me carry on. You left a long
time ago. I still feel

Your

Presence around me. Your spirit it flow but never let go
that's the truth

Bro

While I sing my heart and soul out for you. Through
thick and thin we've

Been through it all too many things in the winter cold as
drama unfold I

Protected you from the evil

Outside. That's the way I feel inside it's true. Cause I
speak the truth to

You. You know I cannot lie cause lying is a sin. That's
true it's deep

Within I know that the feelings are strong and the
feelings linger on.

The good inside it prevails. And no one ever knows that
I can't fail.

Because God is behind me and he sent me here to tell
you the truth.

Will not die for me already lived a full life. Even though
I'm old inside I

Act like I'm young. The good inside makes me carry on.
You left me a long

Time ago. I still feel your presence around me. Your
spirit it flows deep

Inside me. I know the truth. I can't never ever tell a lie.
Cause you know

That lying is a sin. You heard me? Deep within I could
never ever let go.

That's why I sing out my heart yo. Through the thick
and thin we've been

Through it all. Friendly falls I know I don't want to be in
debt anymore.
That's why I want you to understand that we've been
through the winter
Cold. As the drama unfolds I protected you from the
evil outside. They
Tried to stop me, but they can't. cause I know that I'm
strong and anything
That gets in my way. God will handle them. That's why I
say don't die for
Me.

Already lived a full life even though I'm young. I still act
like a young
Never suicidal. Don't get me wrong. That's why I sat
down and wrote this
Song. Beneath the surface I'm very strong. Slowly the
weak is trying to
Creep within my soul. The nights are long and the
presents are cold. That's
Why the winter nights is cold. But it's all right cause the
flowing through
My veins is my blood. That's why I know through the
thick and the thin. We
Made it through many things. The drama unfolds. I
protected you from the
Evil outside. I speak the truth because it's a sin to lie.
That's why I cry
Sometimes and I lie in my bed awake as I open my
eyes and see the spirits
Around me. Their good and there trying to help me
through the day. That's
Why I know I will live to see another day.

Will you die for me. Already lived a full life. Even
though I'm old I still
Act like I'm young. The good inside makes me carry on.
You left me a long
Time ago. I'm still feeling your presence yo. Yes your
spirit it flow but
Never ever let go. That's why I sing out my heart yo.
Through the thick and
The thin we made it through many things.
Winter cold as drama unfolds, I protected you from the
evil outside. I
Speak the truth never ever lie. Cause that's a sin and
God don't like
That's a sin. Will you ever know me again? Or will you
go away my friend.
Don't even try to turn evil cause that's really bad and
it's horrible.

So don't cry for me already lived a full life. Even though
I'm young I act
Like I'm old. Or sometimes I feel like the drama unfolds
in my life. I got
To carry on. Cause there's nothing in my life now that
you're gone far away.
But it's all right
