Waiting for the right words to say  
But I won't find them anyway  
To let you know my true intentions  
You must know what you state is wrong  
You let it carry on and on  
It's too late to talk about prevention

Too brassbound to talk about it  
'Cause you don't care  
And I'm all ears  
And you're not going anywhere

Moderate to satisfy your mood  
You're wrapped up on being rude  
You're only come out for the action  
This held high above the crowd  
Hold it firm hold it proud  
You found your human interaction

Too brassbound to talk about it  
'Cause you don't care  
And I'm all ears  
And you're not going anywhere

Think for a minute  
Maybe a minute or two  
And if your heart's still in it  
Then it will hit you

Think for a minute  
Maybe a minute or two  
And if your heart's still in it  
Then it will hit you

Too brassbound to talk about it  
'Cause you don't care  
And I'm all ears  
And you're not going anywhere

But I'm all ears  
And you're not going anywhere  
But I'm all ears

And you're not going anywhere

Think for a minute

Maybe a minute or two

Think for a minute

Maybe a minute or two
