Radio play just depresses me today
Why is it so throw away?
Lists that you write just to classify this tripe
When clearly it all sounds the same

Well, I've heard it all done before
A hundred years ago or more
Originality is so passe

Just the same old politics
Through pretentious effects units
By self-obsessive slob
The list goes on

Media press has become an utter mess
The opinions of failed pop stars
They constantly try to divert the public eye
Led by large cash deposits and such

Well, I've heard it all done before
A hundred years ago or more
Originality is so passe

Forgotten genres get re-hatched
Create the craze, create the cash
Would you buy anything?
The list goes on

And I will try
Not to let this get to me
But it goes on

Yeah, it goes on and on and on and on
And on and on and on and on
On and on and on and on and on
And on and on and on and on

Ooh, I've heard it all done before
A hundred years ago or more
Originality is so passe

But I'll never lose my faith in you

Nothing's good, what can you do?
Just don't buy anything
The list goes on
The list goes on
