"Falling Through The Sky"

I believed in
What you said and
There's nothing to be found
Closer I get
The further you seem
Feel it slipping all away no no
Time goes by
Your burned out lies
Have let me down down down again

Backs against the wall
Down inside
I watch you run with no place to hide
I see the fire burning in your eyes
I'm reaching thru the flames as your falling thru the sky

Head is aching
As I'm breaking
Time wont slow down
So is all low
But you wouldn't know
Cause your dead inside no no

Keep trying
And denying
As your world crashes down down down again

Backs against the wall
Down inside
I watch you run with no place to hide
I see the fire burning in your eyes
I'm reaching thru the flames as your falling thru the sky

I can feel you
Try to steal you
Know your nothing without me
I can hear you
Fear you
Scream without making a sound

Backs against the wall
Down inside

I watch you run with no place to hide
I see the fire burning in your eyes
I'm reaching thru the flames as your falling thru the
skyy
