## Render The Fall "A World Suffering"

Visit "A World Suffering" on MotoLyrics.com

This world we live in
Is crumbling beneath our feet
No ground left
To stand on
This world we live in
Is washing into the sea
No ground left
To stand on

Someone save us from this disaster

Nothing left for these eyes to see Only death and destruction Nothing left for these eyes to see In this world of suffering

The deceased are on the ground Baking in the sun Our homes left empty
The silence is a deafening roar Where has it all gone
All we held dear
The remnants of ashes
Is all we have left

Someone save us from this disaster

Nothing left for these eyes to see Only death and destruction Nothing left for these eyes to see In this world of suffering

A WORLD SUFFERING

SOMEONE.. HELP US.. FROM THIS DISASTER

Someone save us from this disaster

Nothing left for these eyes to see Only death and destruction Nothing left for these eyes to see In this world of suffering Visit Render The Fall page on MotoLyrics.com, to get more lyrics and videos.
