This world is cruel and cold
If you just let it be
This world can't kill us

Time passes slowly by
So come with me and fly
And leave the pain behind

So just hold on to me
And never lose your grip
Dont fall, or you'll never be free
Grab hold and let it rip

If we go now
We'll never learn
We'll only burn
But it's our turn
Lets set this place on fire

Take what you can find
Refuse to lead the blind
Make weapons of your life
And leave the pain behind
Hope wont help this time
Refuse to lead the blind
Make weapons of your life
And leave the pain behind

This world is cruel and cold
If you just let it be
This world can't kill us

Time passes slowly by
So come with me and fly
And leave the pain behind

So just hold on to me
And never lose your grip
Dont fall, or you'll never be free
Grab hold and let it rip

If we jump now

We'll never die
Death is a lie
Just say goodbye
Let's set this place on fire

Take what you can find
Refuse to lead the blind
Make weapons of your life
And leave the pain behind
Hope won't help this time
Refuse to lead the blind
Make weapons of your life
And leave the pain behind

I watch you so cautiously from afar
and i can see it in your eyes
you are not afraid
you are not afraid (you are not afraid)

Leave the pain behind
