Go!

I dont hate you, I hate me,
For being so empty.
I strike the match, To ignite,
Burn this place to the ground.

This life is mine, I'd sooner die then let you have it
again,
If time heals all, Your siren call, Will ever fall, (On deaf
ears)
My eyes are open now so wide, Your lies are spoken
now nowhere to hide.

There's no turning back this time
Find yourself locked away to die
I can feel the pain in your eyes
Just remember when i said

(Never again) In me you see a fear that consumes us
all,
(Never again) Lies that we share, your words of despair
mean nothing at all
(Never again) Losing all hope, and seeing your cup run
dry
(Never again) Now it's so clear that all you hold dear
will (Fall from the sky)

Why lose our minds, Trapped inside,
This false pretense.
Now, Cant you see, That with me,
Youll find your sanctuary.

How must it feel to never heal
To only hurt and hate?
We know your secrets now
Accept your fate

There's no turning back this time
Find yourself locked away to die
I can feel the pain in your eyes
Just remember when i said

(Never again) In me you see a fear that consumes us
all,
(Never again) Lies that we share, your words of despair
mean nothing at all
(Never again) Losing all hope, and seeing your cup run
dry
(Never Again) Now it's so clear that all you hold dear
will (Fall from the sky)

There's no turning back this time
Find yourself locked away to die

(Never again) In me you see a fear that consumes us
all
(Never again) Lies that we share, your words of despair
mean nothing at all
See how the facade you have made and the veil you've
created are pierced and evaded
Now it's so clear that all you hold dear will (Fall from
the sky)
