Render The Fall
"Inside My Mind"

This is why I told you to run
This is why I told you to run away

I've gone on for way too long
You never can be wrong
You and I can't get along

The thoughts of you consume me
Inside my mind its all aligned

The time we spent it ruins me
Your time, my time, this isnt right

You are the reason
That I am this way
You are the reason
That I can't sleep at night

Thats why i told you to run
Thats why i told you to run away

I've gone on for way too long
You never can be wrong
You and I can't get along

The thoughts of you consume me
Inside my mind its all aligned

The time we spent it ruins me
Your time, my time, this isnt right

The thoughts of you ruin me

FUCK SHIT UP

The thoughts of you consume me
Inside my mind its all aligned

The time we spent it ruins me
Your time, my time, this isnt right

The thoughts of you ruin me

I told you to run
I told you to run away
