Intro

Damn, it seems like only yesterday you were still here.
Im day dreaming, I keep thinking about that day (we
gonna do it like
you was still here)
I found out you was dead, now its like.

Verse 1

Days pass
And it gets harder
So I shed a tear
Wishing u was here
Fulfilling all ur dreams
Conquering ur fears
To cope better
I try to act like I don't care
Memories so brutal
remembering ur funeral
Takin shots of henny
Hoping I can drown my pain
Why you have to go
What that shooter have to gain
I lost my best friend
Things will never be the same
Makin sense of the situation
What he wanted fame
He took my best friends life
The saddest parts he's sain
If I could kill you I would
Results in nothing gained
Besides a deeper heartache
Remembrance of pain
Yeah
You know what it is
I try to move on
Still to handle my bizz
Kind of like you were still here
Now I know how puff felt
When big disappeared

Chorus x1

No matter the type of weather
Friends stay together
Forget a friend
You was more like a brother
No matter what
I could come to ya
You my best friend
And even though your gone
Ill always remember
The good times that we shared together
Rest in peace bro
You know I love ya
You my best friend

Verse 2

Honestly
Its kindda lonely on this side
Drive by
The crib telling myself that you inside
Roll up, pull the seat back and drive
Where to
Honestly nowhere in mind
Let's ride
No looks to passenger side
Ask why
Cuz reality sets in
And right now
Reality not my best friend
Cuz that's when
I realize you are not there
That's when I don't wanna count ya ma's tears
Gun man, on your moms heart
Left a sharp tear
Now when she think about you
Her heart bleeds
Reality
Also known as
pain without you
Now rolin round with out you
Is like busta with no fast rhymin
LI with no cool j
Puffy with no bad boy
Nothin left to say
But I miss you best friend
See u one day

Chorus x2

No matter the type of weather
Friends stay together
Forget a friend
You was more like a brother
No matter what
I could come to ya
You my best friend
And even though your gone
Ill always remember
The good times that we shared together
Rest in peace bro
You know I love ya
You my best friend

Outro

See you again man
