Find the answer who you are  
Whether you're the sun  
Whether you're the star  
You are in no ends  
You fly up so high  
Diving so deep  
Learning the truth  
You try to change it

Searching for yourself  
Roaming all around  
Asking for the answer

All you ever doubt  
All you ever needed  
Just a little chance to  
To express yourself

Searching for yourself  
Roaming all around  
To identify you spend more than a life  
You are in no ends  
Searching for yourself  
Roaming all around  
Asking for the answer
