Ainâ€™t that a bitch, I burned a U.A.
Yea, looks like I fucked up again
I look down at my long list of apologies
Baby I donâ€™t know where to begin
The back of the car I hear you crying
The cruiser starts rolling away
Stretch out my legs try and settle in
Tell the cop I wasnâ€™t raised with way
I canâ€™t win for losing
I start out strong but I always fall
I canâ€™t win for losing
If it werenâ€™t for bad luck Iâ€™d have no luck at all
Lord knows how many times I bowed my head and
asked him how I wound up here?
When itâ€™s time to line up behind the eight ball
Iâ€™m the first one to volunteer
Everyoneâ€™s always asking me â€œwhen will I come
in from the cold?â€
I sit back, relax, and sip on my tea till the next tragedy
unfolds
I canâ€™t win for losing
I start out strong but I always fall
I canâ€™t win for losing
If it werenâ€™t for bad luck Iâ€™d have no luck at all
So the next time you place a bet make sure you can live
with the odds that you get
I didnâ€™t get this pretty face by playing it safe
I still ainâ€™t learned my lesson yet
I canâ€™t win for losing
I start out strong but I always fall
I canâ€™t win for losing
If it werenâ€™t for bad luck Iâ€™d have no luck at all
Win for losing
I canâ€™t win for losing
Win for losing
