Go!

When I see you, I count the seconds of borrowed time,
then I can hold you.

But the world knows that you ain't mine.

And I've been patient, yes I have, more than I ever
thought I could.

But I'm here waiting; yes I am, for you to do what
you know you should.

Darling, we both know that you don't want to hear
my woes that bring you down from that place you want
me to take you to.

Well come on baby say it say it like you mean it tell him
like you told me that I'm the one and only.

Well come on baby say it say it like you mean it tell him
like you told me that I'm the one and only.

Well these four walls do their best to keep our secret
hid.

You want it all but my heart is my highest bid.

You know it ain't right, no, all the hell you put me
through.

But, baby, being right has never meant a fucking thing
to you.

Darling, we both know that you don't want to hear
my woes that bring you down from that place you want
me to take you to. Honey you know it's true.

Come one baby say it.

Say it like you mean it.

Tell him like you told me:

That I'm the one and only.
