What were you saying when you were talking all alone
hidden in the dark with him? I saw you whisper. What
did you whisper? Cause it was clear to me the message
you were trying to send. Don't try to tell me that it
was nothing, cause I remember when I was in his
shoes, and it was me girl doing the listening and we
both know just what that led to. What were you saying?
Well I was watching and I was waiting for you to
remember who brought you there. And I was spitting
and disgusted with every mutual smile you two shared
and don't say it's me cause I know you too well.
I can recognize when you're on the prowl. It's
up to you girl to put it straight now before it throw it all
away and cry foul. What were you saying?

What were you saying when you were talking all alone
hidden in the dark with him? I saw you whisper. What
did you whisper? Cause it was clear to me the message
you were trying to send. Don't try to tell me that it
was nothing. Cause I remember when I was in his
shoes, and it was me girl doing the listening and we
both know just what that led to.
