You want to know what i know, do what i do  
couldn't see your way before but now your breaking  
through  
look into my crystal ball to see whos after you  
hard graft now its time to see what i can do  
you could do like a brother, do it like a dude  
jessie j you look fit to me but you havent got a clue  
ya havent got dick bitch, you can't do it like a dude  
trust me girl your really just getting yourself confused  
i like them dirty girls to look at  
Rhianna  
(Come here rude boy boy)  
yeah i could be your rude boy thats a fact  
im a crazy boy as a matter of fact  
from the minuite that i was born they knew theres no  
turning back  
call me the leader of the pack on top of the stack  
nicole sling ya shirt here cos im liking ya track  
pussycat doll dont ya wish your boyfriend was a freak  
like me  
entertaining people like me

(Chorus Rhianna x2)

so many nights that i sit and reminisce  
about them good old days and all the times that i miss  
more frequently the one, so switched on  
i got my life back on track and all the bad days are  
gone  
look to a better future, start living your life  
guess right now the time is right its yours to decide  
spiritual communication im devided as one  
ive put the past behind me but i guess its time to move  
on  
its like a fantasy, a tactical display  
attacking policies from home or even away  
i see the windfall through all the seasons that change  
i can't explain all the deeper meanings inside my brain  
i'll be the leader still im so far away  
and the truth is just a definition we put in play  
to put ya stamp or be ridiculed dont be a fool  
ive hit the jackpot im certified as mr cool

(Chorus Rhianna x2)

to be my sidekick, parliament's on trip  
i keep beggin and im pleading just to change this shit  
this messy world that we live in needs to rearrange  
im swamped and crowded by the faces but they all look  
the same  
see im always to blame my minds on overdrive  
its a struggle to survive just to stay alive  
in this game to define my choices in mind  
living life to my demise while i spit down this mic  
rolling to far gone my spirit is one  
if you dont capture the moment then the moment is  
gone  
once you knowing that you lost it then you never get it  
back  
the freestyle magicianist they calling me the fact  
put any lyric back up on any old type of track  
lyrical recognition i dont cut no slack  
coz im imperialist, lyrical visionist  
the mc revolution coming down we bringing ya this.
