Here we go again
The devils at my door
Trying to get in
To steal my soul
All I know is something's about to break
This ol' heart is screaming out

You can come against me
But you won't get far
It's plain to see
Just who you are
You had me once
But now I'm free
So go on hit the road
'Cus you can't break me

What is this
Creeping up my spine
Giving me the shivers
I'm running out of time
All I know is something's about to break
These dry bones are crying out

You can come against me
But you won't get far
It's plain to see
Just who you are
You had me once
But now I'm free
So go on hit the road
'Cus you can't break me

Oh take this fear, take this pain
oh help me to see
Cause the weight of the world is on my shoulders
Something's gotta break

You can come against me
But you won't get far
It's plain to see
Just who you are
You had me once

But now Iâ€™m free
So go on hit the road

You can come against me
But you won't get far
Itâ€™s plain to see
Just who you are
You had me once
But now Iâ€™m free
So go on hit the road
'Cus you can't break me (you can't break me)
