I feel
Yeah
Fly fly away
Fly fly away
Fly fly away
Fly fly away

All started yesterday
A normal day
I decided to fall down and see
What was going on (what was going on)
And all around me (yeah fly away)
Was really high (high)
I began to think seriously (seriously)
Who will save me (fly away fly away)

Cause tonight (yeah tonight)
I'm loving you (I'm loving you)
Yeah tonight (yeah tonight)
I fell in love with you

There's surely one way to take your hand
And to keep that smile
And to dance all night While my world widens
Believe me girl
I'm ready to go
I know there's surely one way
Make you believe
Make you come here
Sing to you till you be mine
Make you believe
Make you come here to be mine (Fly away)

Fly away-Fly away-Fly away

Beauty is here today
I've been waiting for too many days
I want you to stay (to stay)
And let's fly away
You are in my mind (u're in my mind)
I hear it all the time (a-a-all the time)

While I'm here you just live your life
Believe this smile

There's surely one way to take your hand
And to keep that smile
And to dance all night While my world widens
I'm ready to do
Whatever you want

I'm loving you (loving you-yeah tonight)
And I'm loving you
And I'm loving you(yeah tonight)
And I'm loving you
And I'm loving you (Yeah tonight)
And I'm loving you
And I'm loving you (fly away)
