?yeaaaah yeaaaah
?Just wanna make u mine x3
?i needed time the first time I met you

?yeah - yeah
hey you there from head to top
?yeah-yeah
notice u're pretty pretty well
?yeah-yeah
and i recognize now ur doing ur best ?yeah and i need
you
?yeah baby
and all the feelings that flew away
?yeah baby ?yeah baby ?noh-noh-
were the ones i didn't want to see budding of yourself
?enough - enough
talk with the thruth girl be hoonest and carry on

I'm the one won't let you drop
a tear in the world
just wanna make u smile
just wanna make you smile
don't wanna see you cry baby

?and let's take my hand
and let's take my hand
dance a little bit of more
what u think baby
i'm staring ur eyes
when you see
when I dream about you
baby I'm here right next to you
beside your words
I dream about you
every night
every single day of my life
I write you a couple of songs
and i need you baby i'm here avery moment

?yeah there's nothing better than looking at your eyes ?
baby
?yeah there's nothing better than looking at your eyes

baby you gotta see
you gotta look at me
here is the song where i want to be
cause right away from you
there's no one- a place where i'd want to be
and i can be and i can see
and i will be and i can hear
you are meant to be with me
and baby i need you so much

the sky is a little bit... this quick
if i have you here
the sky is a little bit so short

and I will write you 1000 of songs
and I'll write you a couple of songs
and I'll stare your eyes instead of the stars
wanna make u smile
don't wanna see you cry

and let's take my hand
?dance
dance a little bit of more
what u think baby
i'm staring ur eyes
when you see
when I dream about you
Baby I'm here right next to you
Beside your words
I dream about you
Every night
Every single day of my life
I write you a couple of songs
And i need you baby ba ba baby
Will make a thousand of songs
Will write you a 10000 of words
Will stare you eyes instead of the stars
Will dream you every night make u dance

And let's take my hand
Just dance a little bit of more
what you think baby
I'm staring your eyes
When I see
when i dream about you
Baby I'm here right next to you
Beside your words
I dream about you
Every night
Every single day of my life

I'll write you a couple of songs
And I need you baby ba ba baby
