Ah richie loop,she gone away ohh
Girl your luv i miss
It burns jus lyk a fire
Your touch yr kiss
Wouldnt trade it for another
Girl your luv i miss
It burns jus lyk a fire
Your lo-o-o-o-ove i miss gal
When you mi a reminisce gal
Ey,gal its been a while since i've seen your face
I've tried so many times but yr luv can never be
replaced
To your luv done me caught up
Me nuh knew miafi turn hafi stop now
Which thought me had we never did break up
Gal u got me weak i suffer
(Chorus)
Hey,Forgive me if im wrong
But i cant take this no more
Me a pretend fi be strong
But might not wake up from the floor
You did that for your purpose
Fi your lv it made me weep like a turmorse
Is it a grudge that you leave me gal
Why did love forsake us
(chorus)
First verse
