You and your misfit friends leaving dirty f\*\*\*\*\*g  
messages  
You're always right, you're always right, you're always  
right, you're always right  
F\*\*k

You say you love me  
That's what your saying  
I think you're crazy  
And the nuts are far behind you

I try to tell myself everything will be alright  
I try to wake you up from acting out your stupid dreams  
But don't look devastated now  
There's more to come from this  
Can you hear me?  
Am I cutting out?

Now it's time to say goodbye  
One of us needs to leave this place  
Again you're falling right back down, right back down  
So many reasons why one of us needs to leave this  
place  
Again you're falling right back down  
Right back down

No I can't change what you say  
Tired of the games you play  
You're dirty words play tricks on me  
And you should feel so ashamed of the way  
Feel so ashamed of decisions that you made

There's no control over this  
So why do you try  
Still find myself esteem in all your dreams  
To get yourself attention  
There's got to be a better way to relay your twisted  
messages  
Hate to be the d\*\*k to let you know  
This is how we let things go  
No one needs this s\*\*t  
Never should have stayed around this long

But I love the pain I feel, like you do  
All day long, I want to know why  
'Cause it makes no sense to me

No I can't change what you say  
Tired of the games you play  
You're dirty words play tricks on me  
And you should feel so ashamed of the way  
Feel so ashamed of decisions that you made  
Right

You ask me what is wrong  
And I'll tell you why  
'Cause I never like the way you treated anyone  
Especially your own kind  
It's so strange sometimes  
I wanna, I wanna know why  
Why, why, why  
I think there's something that I know

No I can't change what you say  
Tired of the games you play  
You're dirty words play tricks on me  
And you should feel so ashamed of the way  
Feel so ashamed of decisions that you made

The stupid things you say  
And the f\*\*\*\*d up games we play  
And you should feel so ashamed of the way  
The way, the way  
Right  
Right  
Right  
Right
