What's behind your painted face

Can you see the real pig in the mirror

Revenge you breed I hate your skeletons

Begging to get out one by one

Don't let your secrets get out

Keep it in the brain

Dead circle This is you

Create a new fantasia cause it beats hating yourself

Chorus

You came first in to mind

Known to feel unkind

Blind by what we're showing

Known to feel unkind

This is you I laid you down then walked on you

Torrid binges bit you throughout

Misery for two

I'm choking on your sweetness

Chorus

Violet pretty show your face

You're always fiending so you crave

Laying the dumb ones down You love the thrill of the

chase

I took fifteen from you and you'll never get this back

Truly disgraceful Dont you know you're not the lucky
one

Chorus

You can't promise me you dont't know promise me

You'll know
