Have they feel they've raised her, the new Queen of
Evolution
Her fate won't see to that 'cause we're gonna know her
later
Grab that girl, get her home let's put her on restriction
Last time we let her go she missed two days of school
Let's get her back
Get her back

This feels like a real life fantasy
It feels like you
This feels like a real life fantasy
It feels like you

Relaxed in vermin life, takes the place of feeling bad
So you tried it
Recalling memories of charm school pantomime turned
so bad
The dainty socialite, she changed her point of view now
she's bad
You can't hide it
I think she really liked all the things that she learned

This feels like a real life fantasy
It feels like you
This feels like a true phantasmicy
It feels like you
This feels like a real life fantasy
It feels like you
This feels like a real life fantasy
It feels like you

Be a good girl like you're supposed to
Dominate your fears
Be a good girl like you're supposed to
Dominate your fears
Be a good girl like you're supposed to
Dominate your fears
Good girls like you should be
I think you better know

This feels like a real life fantasy

It feels like you
This feels like a true phantasmicy
It feels like you
This feels like a real life fantasy
It feels like you
This feels like a true phantasmicy
It feels like you
This feels like a real life fantasy
It feels like you
This feels like a real life fantasy
It feels like you
