FE-TISH-A

Day glow all of you
Made for those little sick ones
Played out in super drag
Mistreat another piece of you

Pleasing you was a trick
Raping you all with a stick
Arming up with more reasons
To snap you out of bliss

Cut out of aliester fiend
You're entering this machine

Glaring one eye for me
Just a second and a chance to see
You violated by a crowd of me
It's getting bigger like you used to be

Chorus:
So you needed a change
This beloved perversion
So you needed a change
I had you spinning in circle

Leaving your new found cool
What will you do sick one oh no
Promising your filthiness
Something strange your catalyst
Fetisha
This beloved perversion

Slide over ive come to kill what you do
Bend over ive come to cure all of you
Slide over ive come to kill what you
Do crack over ive come to cure all of you

Chorus 4x out
