She lives the glamor days
The Euro fashion phase
So set another trap some other way
'Cause she's not biting

And oh no, she's getting wasted again
Imagine that
Hooked on saving face
What are you thinking?
What are you doing here?

You pretend you're safe inside
But I know what no one knows
We're the same, undefined by you
As you're living through my eyes
Always living through my eyes

She's taking over the game
And always running away
If I can tug her in some anyways
Still she's inviting

And oh no, she's saying, "Does it again"
Imagine that
A hooked on pointing finger
Are you breathing?
What are you doing here?

You pretend you're safe inside
But I know what no one knows
We're the same, undefined by you
As you're living through my eyes

You pretend you're safe inside
But I know what no one knows
We're the same, undefined by you
As you're living through my eyes

'Cause it's a union of androgyny
That lingers like the plague
Know it's still a question of gender
Imagine she's pretending that

She's hooked on saving face
What were you thinking?
What are you doing here?

You pretend you're safe inside
But I know what no one knows
We're the same, undefined by you
As you're living through my eyes

You pretend you're safe inside
But I know what no one knows
We're the same, undefined by you
As you're living through my eyes
