Oh,  
Oh, oh, oh  
Oh, oh, oh

Did you know that they tore down  
Where I lived, yea, my mom's house  
Couple summers ago  
Making love  
All the way till the sun down  
I remember you were the king and I was the queen  
And I know that it's done now  
Next year it can run out  
Might as well because we're young now  
Do you remember

Roll around in the leaves then (oh)  
Kiss until it was freezin' (oh)  
Summer came and we're leavin' (oh)  
Yea babe

I wanna meet ya  
Meet ya, meet ya there  
This time I'll stay  
Cause baby, baby I need ya  
Need ya, need ya there  
Won't be the same  
Think I'm in love  
And I could be wrong  
But I'm here right now  
Isn't that enough?  
And I know that I see you  
See ya, see ya 'round  
But I need ya  
Need to meet ya right now

Oh,  
Oh, oh, oh  
Oh, oh, oh

Now I'm on tour now  
You were and it sold out  
After the summer 'lone  
On the bus on the way to the next town  
Anybody ever wish they would run  
Into the one they love

That's how I want it to turn out  
Make it happen babe  
Come down  
Might as well because we're young now  
Do you remember

Roll around in the leaves then (oh)  
Kiss until it was freezin' (oh)  
Summer came and we're leavin' (oh)  
Yea babe

I wanna meet ya  
Meet ya, meet ya there  
This time I'll stay  
Cause baby, baby I need ya  
Need ya, need ya there  
Won't be the same  
Think I'm in love  
And I could be wrong  
But I'm here right now  
Isn't that enough?  
And I know that I see you  
See ya, see ya 'round  
But I need ya  
Need to meet ya right now

Oh,  
Oh, oh, oh  
Oh, oh, oh
