Human beings in a mob
What's a mob to a king? What's a king to a God?
What's a God to a non-believer who don't believe in
anything?
Will he make it out alive? Alright, alright, no church in
the wild
no church in the wild

black skin
Make a stripe like a zebra, I call that jungle fever
You will not control the threesome
Just roll the *ugh* up until I get me some
We formed a new religion
No sins as long as there's permission
And deception is the only felony
So never touch nobody without telling me
Sunglasses and Advil, oh baby last night was mad real
Sun coming up, 5 a.m., I wonder if they got the cabs
still?
I wonder if they got the cabs still?
Wait a minute [x3]
[x4]

I live by you, desire
I stand by you, walk through the fire
Your love is my scripture
Let me into your encryption
Yeah, yeah

Human beings in a mob
What's a mob to a king? What's a king to a God?
What's a God to a non-believer who don't believe in
anything?
Will he make it out alive? Alright, alright, no church in
the wild
no church in the wild [x15]
