Going to California, I got my bags by the door.
And I'm ready to leave.
So yeah I'm moving forward, I'm on my way to find
where I need to be.
Cause every moment now is what I believe somehow
Would be my reality,
All right now...

Cause there's no other feeling like it.
The only way you can define it.
Is that I'm on my own, it somehow feels like home.
There's no other feeling like it
So real that I can't deny it, I don't feel alone,
It somehow feels like home.

Walking in California, making my way down Sunset...
Boulevard.
Everyone looks familiar, so perfect like a picture... from
a magazine.
Cause every moment now is what I believe somehow,
will be my... Reality.
All right now...

Cause there's no other feeling like it.

The only way you can define it.
Is that I'm on my own, it somehow feels like home.
There's no other feeling like it
So real that I can't deny it, I don't feel alone,
It somehow feels like home.

They have never crossed my mind, I'll take a chance
everytime
And I will spread my wings, I will spread my wings
I've never been afraid to try, put everything on the line.
On the line. Well alright right now.

Cause there's no other feeling like it
So real that I can't deny it, I don't feel alone,
It somehow feels like home. [x4]

Somehow feels like home to me.

Somehow feels like home.
Mmhmmm.
Somehow feels like home to me...

Walking in California, making my way down Sunset...
Boulevard.
