I tried to forget the words that he told me yesterday  
But nothing makes it easier  
Or takes my pain away  
And it hit me so hard like I fell down on my back

I dont understand his reasons  
I trap and I cant so I sing a love song before he left me  
Announcing the blues not he's gone  
Baby why didnt you tell me?  
Cuz weve been going out for so long  
So i cant believe it  
Out of all these lies were driving the chance, made  
other plans  
Maybe i shouldnt be waisting my time

I try not to think about the way things could have been  
He knew how much i loved him!  
He was my everything  
And it hurts me inside when he treats me this way

I dont understand his reasons  
I trap and I cant so I sing a love song before he left me  
Announcing the blues now he's gone  
Baby why didnt you tell me?  
Cuz weve been going out for so long  
So i cant believe it  
Out of all these lies were driving the chance, made  
other plans  
maybe i shouldnt be waisting my time

And dont have no common sence he made  
But now i cant go back there again  
Well now i cant stay this way forever  
I cant hold on any longer yeah yeahh

I trap and i cant so i sing a love song before he left me  
Announcing the blues now he's gone  
Baby why didnt you tell me?  
Cuz weve been going out for so long!  
So i cant believe it  
Out of all these lies were driving the chance, made  
other plans

Maybe i shouldnt be waisting my time
