"If You Think You Know Me"

When the light shines down and hits my face
Won't feel your love descend the space
And if you're just like me,
then you're searching for something
I've been down this road and I need a friend
I've almost come to the very end
If you're just like me,
you're still looking for something

So if you think that you know me,
Put your hands up and show me
So I don't feel so alone babe,
while I sing my song
So if you think that you know me
Put your hands up and show me
So I don't feel so alone babe,
while I sing my song

Have you ever felt like you don't fit in
Like there's somebody else inside your skin
Well you're not alone,
we all came here for something
Know when you're standing alone,
you're caught all the trap
that call in rock and roll
On a dance and vibe
You say there's so many times
And when we all go home tonight

So if you think that you know me,
Put your hands up and show me
So I don't feel so alone babe,
while I sing my song
So if you think that you know me
Put your hands up and show me
So I don't feel so alone babe,
while I sing my song

Hang in there, hang in there, hang in there
Hang in there, hang in there, hang in there

So if you think that you know me,
Put your hands up and show me
So I don't feel so alone babe,
while I sing my song
So if you think that you know me
Put your hands up and show me
So I don't feel so alone babe,
while I sing my song.
