You're the sun in my sky
And you're my secret lullaby,
and everything to me.
You're the one that I love,
and you're the one I'm thinkin' of,
you're everything to me.

So why can't you be with me?
Like somebody else, I'd rather be
I wish you were next to me.

Cause you're out of reach,
somewhere I can't be, somewhere I can't see
But I've got to find a way.
So I can see your face,
once again, once again

So why are you so out of reach to me
Somewhere else that I would rather be

Like the sun in your sky
And I'm not the one by your side,
am I anything to you?
Why am I not your love?
Or the one that you're thinkin' of?
Am I anything to you?

So why can't you be with me?
Is there somebody else you'd rather see?
I wish you were next to me
Cause you're out of reach,
somewhere I can't be, somewhere I can't see
But I've got to find a way.
So I can see your face once again,
once again

Why are you so out of reach to me?
Someone else that I would rather be.

Will I ever see your face again?
Will you ever see me like I wish?
You're all I want in this whole world,

Im invisible to you,
Im like a ghost passing through,
Open your eyes
Oh Whoa.....

[GUITAR SOLO]

So why cant you be with me?
Is there somebody else youd rather see?
I wish you were next to me..

Cause youre out of reach,
somewhere I cant be, somewhere I cant see
But ive got to find a way
So I can see your face once again,
once again...
