Mmm mm, yeah, yeah
It takes you over
Like you're standing in a hurricane
You can't escape it
Or run away from the pain
I've always been a shoulder
There to help you through
You turn the light out
Tell me what the hell I'm supposed to do
At the moment I think I got through
You're back to where, to where I found you

'Cause I don't wanna be your rock this time
I can't take away the pain from the world inside
'Cause you know, you know, you know, you know
You're drowning in a sea with no end in sight
I can't save you from yourself again tonight
'Cause you know, you know, you know, you know

I can't be your rock
I can't be your rock, no
I can't be your rock
I can't be your rock tonight

I try to hold you
Put you back together but I can't mend
The broken pieces
That you keep on breaking over again
A sea of lonely faces
Walking around this town
You think you're only one
Who's ever been this down
At the moment I think I got through
You're back to where, to where I found you

'Cause I don't wanna be your rock this time
I can't take away the pain from the world inside
'Cause you know, you know, you know, you know
You're drowning in a sea with no end in sight
I can't save you from yourself again tonight
'Cause you know, you know, you know, you know

I can't be your rock
I can't be your rock, no
I can't be your rock
I can't be your rock tonight

At the moment I think I got through
You're back to where, to where I found you
(I can't be your rock)
(I can't be your rock, no)
(I can't be your rock)
(I can't be your rock, no)
(I can't be your rock)
(I can't be your rock)

'Cause you know, you know, you know, you know
You're drowning in a sea with no end in sight
I can't save you from yourself again tonight

'Cause you know, you know, you know, you know
'Cause I don't wanna be your rock this time
I can't take away the pain from the world inside

'Cause you know, you know, you know, you know
I tried and I see no end in sight
I can't save you from yourself again this time

'Cause you know, you know, you know, you know
Oh, oh, hey, yeah, yeah, yeah
I say no, oh, no, well, hey, yeah, yeah, yeah
