Can we hold on to this moment,
Yea this photograph of our life
Where everything is so perfect?
I've got your heart and you've got mine
Well I don't care
What tomorrow brings
As long as you are here with me
So forever in this frame and time
You and I, I am yours faithfully

So maybe
We could stay here a while
Watch the sun sink over the sky
So maybe
We could hold on time
To this night

So way
You hold me every time
Need to feel
Your love in life
The way you make me feel
Like I'm the only one in your life
Time will take
To make it right
The look you'll give me
When I'm cryin'
If you're the only one for me
Baby I... wouldn't change a thing

I was lost before I found you
And now your love makes me feel alright
I thank God that you're in my life
At this time
Everything
It feels so right

I never thought
I'd fall like this
Over someone, but now I've changed
The first time that I thought to myself

I really hope
He feels the same

So maybe
We could stay here a while
Watch the sun sink over the sky
So maybe
We could hold on time
To this night

So way
You hold me every time
Need to feel
Your love in life
The way you make me feel
Like I'm the only one in your life
Time will take
To make it right
The look you'll give me
When I'm cryin'
If you're the only one for me
Baby I... wouldn't change a thing

Our love is like a dream
I'll never wanna awake up from it
And our love is
Like the way of going on and on and on yea....

So maybe
We could stay here a while
Watch the sun sink over the sky

So way
You hold me every time
Need to feel
Your love in life
The way you make me feel
Like I'm the only one in your life
Time will take
To make it right
The look you'll give me
When I'm cryin'
If you're the only one for me
Baby I... wouldn't change a thing
