Can you hear me  
Can you feel me coming closer  
in the dark night  
I can tell we will be alright

I move my body closer to you  
as we dance along the lines  
still in the darkness I can see all of the signs

Cause tonight It's alright  
We'll dance the night away to the music  
And we'll find what's inside  
to take this further into something real  
We'll dance the night away

The club is beating  
every breath has turned to one  
The place is heating  
I feel every move you've done

Noone else can find the rythm  
that we're making in the crowd  
And everything just fades away when the DJ turns it up  
loud

Cause tonight It's alright  
We'll dance the night away to the music  
And we'll find what's inside  
to take this further into something real  
We'll dance the night away

We'll dance the night away  
We'll dance the night away  
We'll dance the night away  
We'll dance the night away

I can feel devotion  
Flowing like the ocean  
Give me high emotion  
Then we'll stop an go slowmotion

Cause tonight It's alright

We'll dance the night away to the music  
And we'll find what's inside  
to take this further into something real  
We'll dance the -

Cause tonight It's alright  
We'll dance the night away to the music  
And we'll find what's inside  
to take this further into something real  
We'll dance the night away
