So here's the story if you like it or not  
You don't remember but I never forgot  
Cause it's the time to wake the memories up  
tonight  
Do you remember what you saw in me then  
Before you told me you were leaving again  
And now you're back to take your place at my side  
tonight

Here I will stand ready or not in control of my life  
I just know that I am ready or not just for a while  
I never forgot  
For once in my life I will decide  
The path I will take  
And I will do it if you're ready or not

There was a time when I was afraid  
Never had pride for anything that I made  
But things have changed now I'm stronger and you  
will see

Here I will stand ready or not in control of my life  
I just know that I am ready or not just for a while  
I never forgot  
For once in my life I will decide  
The path I will take  
And I will do it if you're ready or not

What happened to forever?  
I'm moving on, one minute and I'm gone

Here I will stand ready or not in control of my life  
I just know that I am ready or not just for a while  
I never forgot  
For once in my life I will decide  
The path I will take  
And I will do it if you're ready or not  
Life is for me and nobody else  
Will control me cause for once in my life ready or not  
Here I come Oh if you're ready or not
