Trust  
Everything seems like a good idea  
At the timeâ€¦!  
Till you see your face  
In the rear view mirror  
Heading out of bounds  
Hot on the heels  
Of something you canâ€™t buy  
Something you canâ€™t steal  
You can say â€œI love youâ€¦  
But words are not enough  
To pull me through this field  
Of broken hearts  
And feel your touch  
The memories, the future  
The laughter and the lust  
Weâ€™ve crossed a bridge to someplace  
We donâ€™t talk about very much  
Do I have your trust?  
Could you give it to me?  
Do I ask too much- just a little trust?  
Is it in your soul? Will it not let go?  
Is it all too much? Just a little trustâ€¦!  
Stop questioning my questions-  
The way you always do  
If I had any answers  
Iâ€™d give them all to you  
So many emotions written on your face  
I think I get the story  
But I canâ€™t turn the page  
Pick a pretty flower, the pretty flower dies  
It doesnâ€™t hold its beauty  
It never again thrives  
The butterfly collectors  
Have left you feeling shy  
I donâ€™t want to hang you on the wall  
I want to see you fly
