Veronica and the elephant and the rhino  
Went down to Peppermint City in the rain  
They had a cup of cake  
A hippopotamus in the lake said  
"Don't be late"  
And then the ground began to  
Shake shake shake  
They ran into the big banana forest  
The elephant said  
"I know the way from here."  
They followed in his tracks  
Until they found a purple shack  
When they turned around  
The forest disappeared  
(Suddenly disappeared)  
To everyone's surprise the door flew open  
The rhinoceros said  
"I'll go in and look around"  
He poked his head inside  
And saw a giant water slide  
The clouds were made of cotton candy  
And the ground was made of clouds  
(Soft, soft clouds)  
A turtle wearing glasses said  
"I see you've found the party  
Sound the horn and grab a partner  
'Cause the dance is getting started"  
The elephant put Veronica on his back  
And did the twist  
He said "it might look difficult  
But it's all in the wrist"  
(Twist wrist, twist)  
Veronica and the elephant (and the rhino)  
Had to get back home  
And be in bed by nine  
The turtle called a taxi  
And he tipped the driver well  
Then he bid the three of them  
A fond farewell  
The next thing that Veronica knew  
She was sailing on the lake  
The elephant wore a captain's hat

The rhino was his first mate  
She closed her eyes and then  
Woke up in her own bed  
She wiggled her toes  
and stretched her arms,  
turned over with a sigh  
The elephant and the rhino at her side
