Wanna love you girl,
Wanna love you girl.

First of all, Let me say this.
The way you touch my heart, stimulate my mind.
And girl it's crazy (crazy)
And the way I feel, I just can't conseal.
I need you daily (daily).
(You're so one of a kind)
And I can't help, I wanna be around you (you, you, you).

You're the one, you're the one, you're the one that
makes me feel like I.
I could spread, I could spread my wing, and take off
and fly.
To the highest mountain peek, and I didn't stoned
that(?).
It's my heart that you own.

[Claim Me (Wanna Luv U Girl) Lyrics On]

Oooh, girl. I wanna.
Be the one you love, girl.
I'll protect your heart, and love you like you're
supposed to be loved.
Be the one you claim, we'll never guard(?).
You'll always be my baby, only if you claim me.
Claim me, Claim me, Claim me, Claim me.
I wanna love you girl, I wanna love you, I wanna love
you girl.
Caus' it's the only thing I know how to do.

You're perfect to my eyes, your beauty enlights(?) and
blocks the darkness of my life.

I'm thinking 'bout your kiss, it's your lips that I can't miss.
Caus' missing you is pain, and that pain won't go away from me.

You're the one, you're the one, you're the one that makes me feel like I.
Like I can soar about the earth, and plan my love in the sky.
To the end of your galaxy, or to the stars.
And plan my love in your heart.

Just so I can be the one you love.
I'll protect your heart, and love you like you're supposed to be loved.
Be the one you claim, we'll never guard(?).
You'll always be my baby, only if you claim me.
Claim me, Claim me, Claim me, Claim me.
I wanna love you girl, I wanna love you, I wanna love you girl.
Caus' it's the only thing I know how to do.

Wanna love you girl, Wanna love you girl, Wanna love you girl,
Wanna love you girl, Wanna love you girl, Wanna love you girl,
Wanna love you girl, Wanna love you girl, Wanna love you girl.

I'll be waiting to be loved by you.
I'm craving(?) to be loved by you.

Be the one you love.
I'll protect your heart, and love you like you're supposed to be loved.
Be the one you claim, we'll never guard(?).
You'll always be my baby, only if you claim me.
Claim me, Claim me, Claim me, Claim me.
I wanna love you girl, I wanna love you, I wanna love you girl.
Caus' it's the only thing I know how to do.
