(Intro)

Yea

Yea yea yea

Uh

Yea

Uh

Yea

(Hook)

Ride slow

Ride slow, ride slow, ride slow

Ride slow, ride slow

Let the night fall on you

Take the night, better rest tonight

Let the night fall on you

Feel the night, better fuck tonight

Tell em hoes beâ€¦

Ride slow

Twist it up, and grind ass

Ride slow

I just wanna ride slow

Let the night fall on you

Change the night, better rest tonight

I just wanna ride slow

I just wanna ride slow

(Verse)

I've been working all day, waiting for tonight

Roll my first blunt, now I'm feeling right

J Lo in my cup, let's turn up tonight

Bitches tryna fuck, let's turn up tonight

Them cling wheels, I got em

Them bitch niggas, I'm not em

I got my money right, ain't got no problems

Ain't got no problems

Rolling, never stopping

(Hook)

But I ride slow

Ride slow, ride slow, ride slow

Ride slow, ride slow

Let the night fall on you
Take the night, better rest tonight
Let the night fall on you
Feel the night, better fuck tonight
Tell em hoes beâ€¦!
Ride slow
Twist it up, and grind ass
Ride slow
I just wanna ride slow
Let the night fall on you
Change the night, better rest tonight
I just wanna ride slow
I just wanna ride slow

(Verse)

I see the sun go down, see your bitch go down
Seen my money go up, make sure my shit don't go
down
Shit I work better when I'm under pressure
Got a problem how I do it bitch, do it better
No never never, I hate that never never
So track what I'm adding bitch, you see the sweater
Ain't no nigga fresh, nah, never
Killed this shit, it's on the stretcher

(Hook)

Ride slow
Ride slow, ride slow, ride slow
Ride slow, ride slow
Let the night fall on you
Take the night, better rest tonight
Let the night fall on you
Feel the night, better fuck tonight
Tell em hoes beâ€¦!
Ride slow
Twist it up, and grind ass
Ride slow
I just wanna ride slow
Let the night fall on you
Change the night, better rest tonight
I just wanna ride slow
I just wanna ride slow
