Tonight I want to make a hit record
And turn the bedroom to to the studio
Turn off your phone this is a closed session
Cuz this is what we been rehearsing for
Lets set the tempo either fast or slow
Take the lead and I will back you up (oh)
Now girl make sure you hit every high note
Makin love in perfect harmony

Its gon be a long night til we get the song right
Its gon be the perfect duet
Girl love the way we do it
Its gon be a long night til we get the song right
We dont need the radio
Cuz when we make love its like

Beautiful music beautiful music beautiful music
Baby our love is like
Beautiful music beautiful music beautiful music
Baby our love is like

Picture you and me doin the same thing
Take this thing from the studio to the live show
I wish the world could see world could see world could
see
The type of music we make
The creativity...
We could do it acappella
Or jazz it up
We could do it classy
Or smooth
We could work it out
We could do it autotune (uh huuhhhhh)
Whichever way as long as it gets done

Its gon be a long night til we get the song right
Its gon be the perfect duet
Girl love the way we do it
Its gon be a long night til we get the song right
We dont need the radio
Cuz when we make love its like

Beautiful music beautiful music beautiful music
Baby our love is like
Beautiful music beautiful music beautiful music
Baby our love is like
Beautiful music beautiful music beautiful music
Baby our love is like
Beautiful music beautiful music beautiful music
Baby our love is like

Makin love to you is incredible
When we press record we make magic
Makin love to you is incredible
When we press record we make magic
Makin love to you is incredible
When we press record we make magic
Makin love to you is incredible
When we press record we makin' magic
